1. We are returning to you the completed form submitted by the claims office of the Independent Taxi Owners Association regarding the above accident. [redacted] has filled out the form and had the driver of our vehicle sign it.

2. The form letter of the association requests an estimate of the cost of repairs. In your letter of 27 August 1951 to Mr. Ovidio Stengo, you made reference to the fact that several copies of estimates were enclosed. I think we can advise them of this fact and will not need to send additional estimates.

3. Please advise us if any more complications set in on this claim.
